

## 1U 24 PORT UNIVERSAL PATCH PANEL

### DESCRIPTION

MICROLINK 1U 24 ports unloaded shielded keystone patch panel allows flexibility for the users during installations. It gives you the benefits of only using ports required by installing the desired number of jacks into the frame.

With the port identification number, which help the end user to recognize the ports while/after installation. When mounted with MICROLINK shielded keystone jacks for Cat 5E, Cat 6 and Cat 6A, your completed panel will conform to ANSI/TIA/EIA 568A-B.2.2001, ISO/IEC11801:2002 and EN50173-2 standards.

### FEATURES AND BENEFITS

- ✓ Detachable modular design for better installation
